## THE DIRECTOR OF CENTRAL INTELLIGENCE

WASHINGTON, D.C. 20505

National Intelligence Council

DDI #3200-82  
19 April 1982

MEMORANDUM FOR: Chairman, National Intelligence Council

VIA : National Intelligence Officer for General Purpose [redacted] STAT

FROM : [redacted] 25X1  
Assistant NIO for General Purpose Forces

SUBJECT : NSSD 1-82, Part III, Sections E and G

1. During meetings on 16 and 17 April the working group extensively rewrote Section E (General Purpose Forces). The impetus was a basic objection by State to the previous iterations as citing high priority force options which were not capable of realization in the FYDP. The State representative also asked for inclusion of Defense budget allocation pie charts which would show the NCA that implementation of the FYDP did not follow strategic prioritization of defense considerations (readiness versus mobility versus sustainability versus modernization). Arguments that Section E was now an interagency paper overrode JCS objections to the rewrite, although any graphic depiction of funding will probably be forwarded as attachments rather than integral parts of the document. The latest draft is at Attachment 1. [redacted] 25X1

2. Discussion of Section G (Force Integration--Attachment 2) begins 19 April. Revitalization of conventional forces is a basic theme of this section. I will plan to attend. [redacted] 25X1

3. The next IRG is scheduled for Wednesday, 21 April. The last four sections are still scheduled for NSC deliberation on 27 April. [redacted] 25X1
